Association Power - Electricity

500 West 13th Street, Austin TX 78701

Contact: David Quin, 512.233.5790 (512.233.5791 fax)

david@cuc.org - www.associationpower.org

Association Power, AP, is one of the largest aggregations for the purchase of power and energy in Texas. AP began procuring power when the deregulation of electricity began in 2001. Association Power continues to negotiate contracts on behalf of its members at the lowest rates available. AP's size allows for strong negotiating strength, which has positioned members to consistently realize rates that are significantly below what they could get by going out to bid alone.

Association Power's contracts comply with the minimum renewal/green portfolio standards and strive to provide green power to members in such a way that allows them to customize an energy portfolio reflecting their preferences for renewable energy.

1401 E. Dallas Street, Mansfield, TX 76063

Contact: Shane Jefferys, 800.552.7529 ext. 16 (817.417.1140 fax)

shanejefferys@groundsforplay.com - <http://groundsforplay.com>

Customer Service: John Blamey, johnblamey@groundsforplay.com

For 25 years Grounds for Play has been the worldwide leader in providing a full array of outdoor environment products and services designed to meet your specific needs. As more than a premier playground manufacturer, Grounds for Play offers turn-key solutions for all your outdoor needs: fall zone materials, shades, shelters, pavilions, trash receptacles, benches, tables and the safest playground equipment in the market today!

Our nationwide teams of Design Consultants work with school districts, government and military agencies, preschools, churches, parks and recreational facilities, child care centers and many other organizations to assist them in the design and creation of unique and comprehensive outdoor environments.

Grounds for Play has been ahead of the curve in the “green” initiative. Since 1998, our playground equipment has included 100% recycled components. The majority of our products are constructed of recycled or recyclable materials.

Grounds For Play’s full-service approach includes designing, site planning, equipment manufacturing and installation as well as providing site work, trike tracks, concrete and other services related to playgrounds and outdoor environments. Grounds for Play has the industry’s best safety record: In our history, not a single lawsuit has ever been filed against us for injury to a child.

Since day one, Grounds for Play has operated with a commitment to high ethical standards, recognizing that we are stewards of not only the natural environment, but also the nation’s most precious asset, its children.

5% discount off installation.
