SOS discount offered to members: Margin as per "umbrella", NBOA contact - each school will receive item by item cost comparison with existing rate and guaranteed saving estimate. Most schools save between \$500-\$6000/year in processing costs. We "audit" statements within the first 3 months of processing through Diamond Mind to validate and prove the savings are achieved

We work with each school personally to develop a proposal specific to their payment processing needs. The process requires a 15 minute interview with the school and the school provides 1-3 months of past statements when available.

ACTS / Nelnet Business Solutions is the nation's leading provider of tuition payment plans. At FACTS, we've spent nearly 25 years listening to schools and administrators about what they want from a tuition management program. Today, we unveil a new vision for serving your school and families. In addition to helping families with monthly tuition payments, we also offer expanded flexibility for parents and schools that meets your high expectations—and ours. We can also bill your families for incidental fees accumulated throughout the year, meaning you'll never have to send another invoice from your school

office—we'll handle it all for you. FACTS Management Company offers tuition management services and financial needs assessment.

Houston: [Steve Roppolo](#)

Fisher & Phillips LLP represents numerous private schools throughout the US. They work primarily with independent and private PK-12 schools of varying size, religious and nonreligious. We work with our clients to try to guide them through necessary changes to ensure that the school is providing the safest environment for the students in its care, while maintaining appropriate employment and fiscal policies.

Contact the attorney above or Suzanne Bogdan, sbogdan@laborlawyers.com for special SOS pricing. Training and legal audits pricing is also available.
